

Feature codes are shortcuts that allow users to access various functions by dialing specific codes on their phone's keypad.

Please note that actual feature codes can vary depending on your Fox Fone service configuration. Here is a general guide.

1. Call Forwarding

Forward all incoming calls to another number.

- Enable: *72
- Disable: *73

2. Call Waiting

Enable or disable the call waiting feature.

- Enable: *70
- Disable: *71

3. Do Not Disturb (DND)

Prevent all incoming calls.

- Enable: *78
- Disable: *79

4. Voice Mail Access

Access your voicemail box.

- Voicemail Main Menu: *97
